

Post & Rail Fencing

MAINTENANCE FREE POST & RAIL SYSTEM FROM SUSTAINABLE RECYCLED PLASTIC

The Omnia post and rail system will save you money. Our post and rail will last decades and are just as easy to install as wooden fences, using the same techniques and tools.

You can saw, staple, screw and nail Omnia fencing in the same way you have always done, but with an Omnia fence you will get decades of service with no maintenance required at all.

The Omnia post and rail system is available in traditional rustic dark grey or in a premier black finish. Both are suitable for urban and rural locations.

Omnia recycled plastic products are made from 100% recycled plastic using our unique, low energy recycling process, helping to reduce your carbon footprint without compromising on quality.

IMAGINE A PRODUCT THAT:

- HAS ALL THE PROPERTIES OF WOOD
- LASTS FOR DECADES
- WILL NOT SPLINTER
- JET WASHABLE
- VANDAL RESISTANT
- MAINTENANCE FREE
- FUNGI RESISTANT
- VERY DURABLE

IMAGINE THE POSSIBILITIES!
